## **DETAILED ACTION**

1. Applicant's Amendment After Non-Final Rejection, dated 16 November 2005 is hereby acknowledged.

2. The application has been amended as follows: in the claims: cancel claims 1-3 and 5-20.

## Allowable Subject Matter

- 3. Claims 4 and 21-39 are allowed.
- 4. The following is an examiner's statement of reasons for allowance.

Ohuchi et al (US 3,745,424) discloses a photodiode comprising: a first semiconductor region of a first conductivity type (Fig. 1; 1); a second semiconductor region of a second conductivity type (Fig. 1; 2), the second semiconductor region lying over and contacting the first semiconductor region at a first junction; a third semiconductor region of the first conductivity type (Fig. 1; 3), the third semiconductor region lying over and contacting the second semiconductor region.

Ohuchi does not teach or fairly suggest, in combination with the other claimed features that the third semiconductor region has a first, second and third portion, respectively and that the first portion has a dopant concentration substantially greater than the dopant concentration of either the second or third portion.

Prior art of record also does not describe or suggest applicant's invention wherein the first depletion region absorbs electromagnet radiation that represents blue

light, and generates blue electron-hole pairs nor that the second depletion region absorbs substantially no electromagnetic radiation that represents blue light.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

- The prior art made of record and not relied upon is considered pertinent to 5. applicant's disclosure.
- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Deloris Bryant whose telephone number is (571) 272-8670. The examiner can normally be reached on M-F 7:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl Whitehead can be reached on (571) 272-1702. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
